

EVERLASTINGARMS
HEALTH SERVICES

Why Chose EHS

EVERLASTINGARMS HEALTH SERVICES knows the importance of having people you can rely on to fulfill your nursing needs. The nursing staff at EHS is required to meet certain qualifications before being hired.

Once hired, nurses must complete a skills checklist. The results allow EHS to place nurses in a home or facility where their skills and strengths can be best utilized.

EVERLASTINGARMS HEALTH SERVICES accepts medicaid, most major insurance plans and offers multiple options for private pay.

Whether your needs are skilled nursing, nursing assistant or companion...

... EHS can help

"Quality Care For Your Loved Ones"

Introduction

EVERLASTINGARMS HEALTH SERVICES is dedicated to providing quality care to our clients at affordable rates. We ensure that our clients' needs and requests are our main priority and focus.

Our goal is to assist your loved ones in their everyday activities.

The need for home health care can result from chronic illness or injury. Home health care is a feasible option due to recent technological advances in complex health care treatment, That treatment, once thought only possible in a hospital setting, is now a reality in the home.

EVERLASTINGARMS HEALTH SERVICES can provide nursing services in the home in conjunction with the patient, family, attending physicians and other health care professionals providing patient care.

Quality Care To The Public

Advantages of Home Care

- » Allows the family greater involvement in the delivery of care
- » Relieves stress
- » Allows family / caregiver opportunities to complete other tasks
- » Gives family more control
- » Allows family / caregiver more personal time
- » Minimizes negative feelings that accompany loss of control due to the environment
